

## Open Circle Parent Workshop

Open Circle is a highly acclaimed and research-based, social skills program developed at Wellesley College, currently being taught to elementary students throughout the Concord elementary schools. Come to this 5-session workshop series to learn what your child is being taught about:

- Being part of a cooperative and caring community
- Solving interpersonal problems
- Taking responsibility

This workshop series will both familiarize you with the skills and concepts being presented in your child's class, and will help you in reinforcing and using these skills at home. The workshop is open to caregivers of students at Alcott, Thoreau, and Willard.

**Please note that you MUST pre-register.**
