

Developing Number Sense  
&  
Making Connections in Mathematics

A conversation with  
Willard's Math Specialist, Laurie Penney  
~all K-5 parents welcome ~

Wednesday, January 27, 2010

7:00 - 8:30 p.m.

Willard Library

- ❖ What is number sense and why is it important?
- ❖ How can you help develop number sense in your children (and improve your own!)?
- ❖ Why doesn't math class look like it did when I was in school?

Adults only, please

In order for us to plan appropriately, please let us know if you will be attending:
